City of Saginaw

January 21, 2020
Honorable Mayor Todd Flippo,
Members of the City Council,
City of Saginaw, Texas

The Saginaw City staff is pleased to submit the Comprehensive Annual Financial Report of the City of Saginaw, Texas, for the fiscal year ended September 30, 2019. The purpose of the report is to provide the Council, management, staff, public and other interested parties with detailed information reflecting the City's financial condition.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. We believe the data is accurate in all material respects and is presented in a manner that fairly sets forth the financial position and results of operations of the City. We also believe that all disclosures necessary to enable the reader to gain an understanding of the City's financial affairs have been included. The financial statements included in the report were prepared by the General Administrative Office in accordance with generally accepted accounting principles for local governments as prescribed by the Governmental Accounting Standards Board (GASB).

Weaver and Tidwell, L.L.P., Certified Public Accountants, have issued an unmodified ("clean") opinion on the City's financial statements for the year ended September 30, 2019. The independent auditor's report is located at the front of the financial section of this report.

The Financial Section includes the Management's Discussion and Analysis (MD&A). The MD&A is a narrative introduction, overview, and analysis to accompany the basic financial statements. This letter of transmittal is designed to complement and should be read in conjunction with the MD&A.

The Reporting Entity

The City of Saginaw sits solidly in the heart of the Dallas-Fort Worth Metroplex. Saginaw remains an agribusiness center for much of Texas with some of the largest grain storage facilities in the United States.

The City of Saginaw is located in Tarrant County, nine miles north of downtown Fort Worth and 37 miles west of Dallas. The Fort Worth Federal Bureau of Printing and Engraving facility is located six-tenths of a mile from Saginaw. The Alliance Airport and Texas Motor Speedway are also located just north of Saginaw (within 14 miles). The City's corporate boundaries comprise a total of approximately 7.75 square miles. Saginaw's population from the 1990 Census was 8,551. The 2000 Census was 12,374 and the 2010 Census was 19,806. The 2019 population estimate is 22,380.

The City was incorporated in 1949 and is operating under a Charter adopted on January 19, 1988 and amended May 4, 2019. The City has a Council/Manager form of government, with the City Council comprised of seven members including the Mayor. All seven Council members are elected by place number and at large for three year staggered terms. The City Council is responsible for adopting ordinances and regulations governing the City, adopting the budget, determining policies, and appointing the City Manager, City Attorney, City Secretary, and Judge of the Municipal Court, as well as members of boards and commissions. The City Manager is responsible to the Council, for appointing and supervising employees of the City (except for those appointed by the Council) and for preparing and administering the annual budget and capital improvements program.

Services Provided

The City provides a full range of municipal services including general government, police and fire protection, street maintenance, building inspection services, library services, recreation, animal services, parks operation and maintenance, and maintenance and operation of City-owned buildings. The City of Saginaw contracts with the City of Fort Worth for water purchase and wastewater treatment. A franchise has been granted to a privately-owned firm for solid waste collection, disposal, and recycling services. Commercial customers contract directly with the firm while residential customers contract through the City, with fees added to their municipal utility bills.

This report includes the financial statements of the funds required to account for those activities, organizations and functions which are related to the City and are controlled by or dependent upon the City's governing body, the City Council. The criteria used by the City for including activities in preparing its financial statements are set forth by the GASB. Based on these criteria, all municipal services listed are included in the City's 2018-2019 financial statements.

Basis of Accounting

The City's accounting records for general governmental operations are maintained on a modified accrual basis. Under this method of accounting, expenditures are recognized when the services or goods are received and the liability is incurred. Revenues are recognized when measurable and available. Accounting records for the City's Water and Wastewater Enterprise Fund are maintained on the accrual basis. Expenses are recognized when a commitment is made and revenues are recognized when they are earned and due to the City.

Budgetary Controls

The City Charter requires that the City Manager prepare and submit a proposed budget for the fiscal year beginning October 1st to the City Council at least 45 days prior to the beginning of the fiscal year. The operating budget includes proposed expenditures and the means of financing them. Public hearings are held, and the budget is adopted at a regular or special meeting prior to the first day of the fiscal year.

Following adoption of the budget by the City Council, the City Manager and department heads monitor expenditures and revenues throughout the year to ensure that the integrity of the budget is maintained. The Charter requires City Council approval for a transfer of funds from one department to another. Any revisions that alter the total expenditures of any fund must be approved by ordinance of the City Council.

Internal Controls

One of the objectives of the City's financial accounting system is to provide an internal control structure designed to provide reasonable, but not absolute, assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived and (2) the evaluation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within the above framework. We believe the City's internal control structure adequately safeguards assets and provides reasonable assurance of proper recording of financial transactions.

ECONOMIC OUTLOOK AND FINANCIAL CONDITION

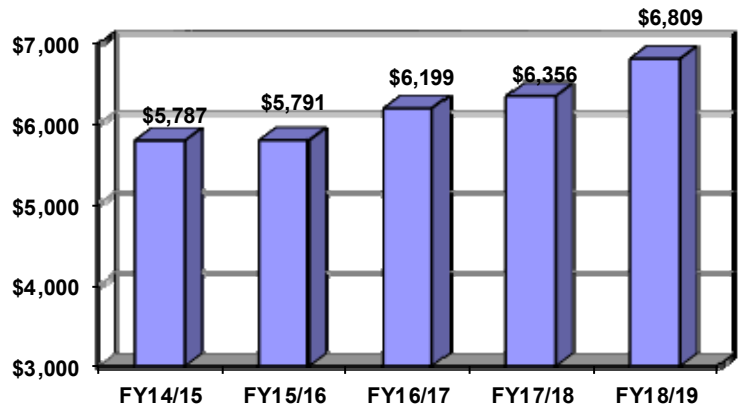

Summary of Local Economy

The local economy in Saginaw remains good. Unemployment in the area remains low, job growth remains steady, and economic trends are stable. The real estate market continues to see high demand with a tight inventory. The City continues to see new housing starts which adds to our tax base. Taxable values for 2019/2020 increased 11% and we saw \$65 million (\$50 million residential, \$7.5 million commercial, \$7.5 million industrial) in added value from new construction. Willow Vista Estates Phase IIIC and Basswood Crossing Phase 3, both residential developments with a total of 287 lots, were completed. The expansion at Miller Milling and construction of the Ryder Truck Maintenance Depot are also completed. Sales tax collections for the current fiscal year to date are tracking 14.6% higher than last year.

TAXABLE PROPERTY VALUES
(in millions)

SALES TAX COLLECTIONS
(in thousands)

Economic Prospects for the Future

Bar C Ranch Phases 1 and 2 are substantially complete with a total of 146 residential lots and Basswood Crossing Phase 2 is substantially complete with a total of 128 residential lots. Construction of two mixed used developments, Saginaw Skilled Nursing Facility, and All Storage climate controlled mini warehouses will begin in the coming year. The Ventura expansion is underway. The Dancer Shopping Center is substantially complete. These projects will continue to add to the City's tax base. Saginaw remains an attractive place for new homes and businesses due to our location, land availability, easy freeway access, good schools, low tax rates, and the general quality of life.

Long Term Financial Planning

The current General Fund Reserve Policy states "The City will maintain an Emergency Reserve Fund balance in the General Fund of between 15% and 20% of the operating budget." The Enterprise Fund Emergency Reserve needs to be sufficient to operate the Water Department for three months. Both of these funds are to be used only in an emergency and only with Council approval. We are currently in compliance with both of these policies.

The City's Comprehensive Master Plan and the five-year Capital Improvement Plan was updated in 2016. The plan's theme is "Preparing for Build-out". The plan focuses on completing infrastructure to support development, rehabilitating aging infrastructure, and maintaining existing infrastructure. The capital improvements plan is funded with cash on hand and revenues from the Street Maintenance Fund, and the Drainage Utility Fund. No significant additional operating costs are projected to be incurred related to these capital expenditures.

The Saginaw City Council is currently reviewing recommendations made by the Citizen Bond Committee for a possible 2020 bond election. Projects under consideration are relocation of Fire Station #1, Knowles Drive reconstruction, a combination Library/Senior Citizen's Center, Renovation to the existing Library/City Hall Complex, Parks Improvements, West McLeroy Boulevard reconstruction, and a new north/south roadway between East McLeroy Boulevard and East Bailey Boswell Road.

OTHER INFORMATION

Independent Audit

Article XII, Section 12.06 of the City Charter requires an annual audit by independent certified public accountants. The annual audit must be available for public inspection no later than one hundred eighty days after the close of the City's fiscal year. The accounting firm of Weaver and Tidwell, L.L.P. was selected by the City Council. The independent auditors' report on the general purpose financial statements and supplemental statements and schedules is included in the financial section of this report.

Certificate of Achievement

The City of Saginaw was awarded a Certificate of Achievement for Excellence in Financial Reporting for its Comprehensive Annual Financial Report for the fiscal year ended September 30, 2018 from the Government Finance Officers Association of the United States and Canada (GFOA). This certificate is awarded to governmental units who publish easily readable and efficiently organized annual reports which

satisfy both generally accepted accounting principles and applicable legal requirements. The Certificate is valid for a one year period. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to GFOA. The City also received GFOA's Award for Distinguished Budget Presentation for its 2018-2019 annual budget document. In order to qualify for the Award, the City's budget document was judged to be proficient in several categories including policy documentation, financial planning, and organization. Together the Budget Award, along with the previously mentioned award are evidence of the Finance Department's dedication to producing documents that effectively communicate the City's financial condition to the elected officials, city management and the general public.

Acknowledgments

The preparation of this Comprehensive Annual Financial Report was made possible by the dedicated service of the entire staff of the General Administrative Office and our independent auditors. We would like to express our sincere appreciation to the Finance Director, Kim Quin, and all of our employees who contributed to the preparation.

In closing, we would also like to thank the Mayor and City Council for their leadership and support in planning and conducting the financial operations of the City.

Respectfully submitted,

Gabe Reaume, City Manager

Independent Auditor's Report

To the Honorable Mayor Todd Flippo
and Members of the City Council of the
City of Saginaw, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Saginaw, Texas (the City) as of and for the year ended September 30, 2019, and the related notes to the basic financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The Honorable Mayor Todd Flippo
and the Members of the City Council of the
City of Saginaw, Texas

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis, Texas Municipal Retirement System pension schedules, Texas Municipal Retirement System OPEB schedule, and budgetary comparison information on pages 5 through 13, 63 through 65, and 66 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City’s basic financial statements. The introductory section, combining and individual fund financial statements and schedules and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Weaver and Tidwell, L.L.P.

WEAVER AND TIDWELL, L.L.P.

Dallas, Texas

**CITY OF SAGINAW, TEXAS
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR YEAR ENDED SEPTEMBER 30, 2019
(UNAUDITED)**

As management of the City of Saginaw, we offer readers of the City's financial statement this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i - v of this report.

FINANCIAL HIGHLIGHTS

- The assets of the City of Saginaw exceeded its liabilities at the close of the most recent fiscal year by \$113,025,882 (net position). This number must be viewed in the context that the vast majority of the City's net position is net investment in capital assets of \$95,253,855 (84%) and that most capital assets of a government do not directly generate revenue nor can they be sold to generate liquid capital. The net position restricted for specific purposes totals \$7,843,928 (7%). The remaining \$9,928,099 (9%) is the unrestricted net position and may be used to meet the government's ongoing obligations to citizens and creditors in accordance with the City's fund designation and fiscal policies.
- The City's total net position increased by \$5,052,945. Increases in total assets, capital assets and tax note proceeds, and deferred outflows of resources related to pension are partially offset by an increase in net pension liability. The decrease in deferred inflows of resources is also related to pension. The City's pension contribution rate was increased from 6% to 7% on January 1, 2019.
- As of the close of the fiscal year, the City's governmental funds reported combined ending fund balances of \$27,165,796. Within this total \$15,132,493 is restricted by specific legal requirements and \$1,158,244 has been committed and assigned to specific types of expenditures. About 40% of this total amount, or \$10,875,059, is unassigned and available for use with the City's fund designation and policies.
- At the end of the current year, unassigned fund balance for the general fund of \$10,875,059 is 64% of the total general fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements – The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the City's assets, deferred outflows/inflows, and liabilities, with the difference between these reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net position changed during the fiscal year. All changes in net position are reported when the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in the future fiscal periods (e.g. uncollected taxes).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government and administration, municipal court, fire, police, public services, parks, library, community services, city garage, inspections, animal services, information technology, and economic development. The business-type activities of the City include water and wastewater services. The government-wide financial statements can be found on pages 19-21 of this report.

Fund financial statements – A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories – governmental funds and proprietary funds.

Governmental Funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financial requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains eight governmental funds. Information is presented separately in the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances for the General, five Special Revenue, Debt Service, and Capital Projects funds. The basic governmental funds financial statements can be found on pages 24-27.

Proprietary Funds – The City maintains one type of proprietary fund. The Enterprise Fund is used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses the enterprise fund to account for its water and wastewater operations. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The basic proprietary fund financial statements can be found on pages 30-33 of this report.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statements because those funds are not available to support the City's programs. The City is the trustee, or fiduciary, for these funds and is responsible for ensuring that the assets reported in these funds are used for their intended purpose. The City does not currently have fiduciary activities to report.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 35-59.

Other Information – In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. As of September 30, 2019, the City of Saginaw’s assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$113,025,882.

The largest portion of the City’s net position (84%) reflects its investments in capital assets (e.g., land, buildings, equipment, improvements, construction in progress, and infrastructure), less any debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide service to citizens; consequently these assets are not available for future spending. Although the City’s investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other resources, since the capital assets themselves cannot be used to liquidate these liabilities.

City of Saginaw’s Net Position

	Governmental Activities		Business-type Activities		Total	
	2019	2018	2019	2018	2019	2018
Current and other assets	\$ 30,031,622	\$ 29,037,843	\$ 12,673,543	\$ 11,580,612	\$ 42,705,165	\$ 40,618,455
Capital assets	93,131,516	88,786,676	26,113,970	24,927,375	119,245,486	113,714,051
Total assets	123,163,138	117,824,519	38,787,513	36,507,987	161,950,651	154,332,506
Deferred outflows of resources	2,914,355	1,338,432	352,885	192,673	3,267,240	1,531,105
Long term liabilities	41,173,795	36,352,184	2,756,280	2,354,798	43,930,075	38,706,982
Other liabilities	5,935,387	5,469,951	1,781,635	2,333,924	7,717,022	7,803,875
Total liabilities	47,109,182	41,822,135	4,537,915	4,688,722	51,647,097	46,510,857
Deferred inflows of resources	480,152	1,231,566	64,760	148,251	544,912	1,379,817
Net Position						
Net Investment in capital assets	70,565,446	65,704,199	24,688,409	23,273,899	95,253,855	88,978,098
Restricted	7,659,462	6,958,205	184,466	179,178	7,843,928	7,137,383
Unrestricted	263,251	3,446,846	9,664,848	8,410,610	9,928,099	11,857,456
Total net position	\$ 78,488,159	\$ 76,109,250	\$ 34,537,723	\$ 31,863,687	\$ 113,025,882	\$ 107,972,937

An additional portion of the City’s net position \$7,843,928 (7%) represents resources that are subject to external restriction on how they may be used. The remaining balance of unrestricted net position of \$9,928,099 (9%) may be used to meet the City’s ongoing obligation to citizens and creditors.

The \$5,052,945 increase in net position is a result of increased capital assets and tax note proceeds received at the end of the year and a decrease in deferred inflows and outflows related to pension accounting partially offset by an increase in long term, net pension liability. The City’s pension contribution rate was increased from 6% to 7% on January 1, 2019. As of September 30, 2019, the City is able to report positive balances in all categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

Analysis of the City's Operations – The following table provides a summary of the City's operations for the year ended September 30, 2019. Overall the City had an increase in net position of \$5,052,945. Total City revenues increased by \$3,464,456. Revenue increases are due to contributed assets of Basswood Crossing Phase 3 and Willow Vista Estates Phase III residential developments. Ad valorem tax revenue increased due to higher property values and an increased tax rate to cover increased operating costs. Sales tax collections increased due to the strong economy and continuing construction activity. Franchise fees collected for both gas and electric utilities increased, as well as, interest earnings due to higher interest rates. These increases were partially offset by a decrease in water sales due to moderate summer temperatures and increased rainfall during the spring and summer months. Miscellaneous revenues decreased due to the repayment of an economic development incentive loan in the previous fiscal year.

Total City expenses increased by \$4,012,783. There are city wide increases related pension expense as a result of the 1% pension contribution rate increase. The increase in General Administration is due to a strategic planning consultant, a city-wide facility needs assessment, increased credit card processing fees, a conceptual plan for drainage, roadway, and traffic flow improvements to Knowles Drive, electrical upgrades for the enhanced holiday light display, and artwork on the Ardent Mills building. The increase is also due to matching costs related to the Green Ribbon Grant, a project that will improve the appearance of the east side of Saginaw Boulevard. The increase in Municipal Court is due to the department being fully staffed for the year and an upgrade to court software. An increase in Fire Department overtime, the salary and benefits of an additional firefighter position, and subscription fees for the new public safety radio system are offset by a decrease in capital outlay; a fire engine was replaced in the previous fiscal year. Increases in the Police Department include full year funding for a records clerk position that went from part-time to full-time and an additional jailer that was added in the middle of the previous year. Other increases include funding for an additional school crossing guard, jailer, and school resource officer. Funding was increased for replacement of body worn cameras, subscription fees for the public safety radio system and an additional patrol vehicle was replaced. Increased expenditures in Public Works are due to the ongoing construction of a food truck park and farmer's market at Willow Creek Park. Park expenditure increases funded a comprehensive parks conceptual plan. Increases in Community Services is due to maintenance and repairs to the Aquatic Center. Computers for public use were replaced at the Library. The decrease in Animal Services is due to a service truck that was replaced in the previous year. Fleet Maintenance decreases were due to lower fuel costs and fewer contract repairs. The decrease in Economic Development reflects the economic development incentive loan from the previous year. Expenditures related to Information Technology were previously accounted for as part of General Administration are now accounted for separately. The decrease in interest expense is due to debt retirement. The decrease in the Enterprise Fund is due to decreased expense for the purchase of water and the treatment of wastewater. A decrease due to repairs of the Park Center elevated storage tank in the previous year are partially offset by the expenses related to the second phase of the wastewater inflow and infiltration study and the repairs identified in the first phase.

City Governmental activities increased net position by \$2,378,909 and Enterprise Fund activities increased net position by \$2,674,036.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

Governmental Funds – The focus of the City of Saginaw's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. Unassigned fund balance may serve as a useful measure of the City's net resources available at the end of the fiscal year.

At the end of the current fiscal year, the City of Saginaw's governmental funds reported combined ending fund balances of \$27,165,796. Approximately 40% of this total (\$10,875,059) constitutes unassigned fund balance. The remainder of the fund balance is reserved to indicate that it is not available for new spending because it has already been committed for other purposes. The General Fund increased by \$3,747. The planned use of fund balance did not occur due to increased sales tax, franchise fee, property tax, building permit, and interest earning revenues. In addition the food truck/farmers market project and the all abilities playground at Willow Creek Park were not completed by fiscal year end. The Basswood Developer Agreement payment and home matching grant requirement were not completed and there were salary savings in many departments due to employee turnover during the fiscal year. The fund balance increase of \$94,496 in the Debt Service Fund is due to increased property tax revenue. The increase of \$209,686 in the Capital Projects Fund reflects the use of previously issued bonds for the Bailey Boswell Road construction project and the tax notes issuance of \$2,000,000 at fiscal year-end. There was a planned increase in the Drainage Utility Fund balance for cash funding of future planned drainage projects. The increase is more than expected due to increased drainage fees, interest earnings and a delay in the design of East Cement Creek drainage improvement projects. The planned drawdown of the Crime Control and Prevention

District Fund was less than budgeted due to higher than budgeted sales tax collections and interest earnings. The Street Maintenance Fund balance increased by \$111,140 due to increased sales tax collections and the delay of the Burlington Road reconstruction project, Anderson Street repairs, and the delay of railroad crossing improvements. There was an increase in the Donations Fund balance of \$104,520. Donation balance increases for Parks and Library will be used for future projects/programs. Escrow Fund balance increased due to increased Hotel/Motel Tax collections and the transfers from General Fund for future equipment replacement and economic development incentives.

Proprietary Fund – The City's proprietary fund statements provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the Enterprise Fund is \$9,664,848. Total net position of the Enterprise Fund increased by \$2,674,036 from fiscal year 2018 to fiscal year 2019. The increase is due to decreased expense for the purchase of water and the treatment of wastewater and contributed water and sewer lines for the Basswood Crossing Phase 3 and Willow Vista Estates Phase III residential developments.

Budgetary Highlights – The City Council approved revisions to the original budget appropriations. General Fund revenues were increased by \$785,070 or 5%. Increased revenues were due to increased property tax collections, building permits, sales tax, recreation fees, rental registration fees, a donation for the all abilities playground, and interest earnings. These increases were partially offset by a decrease in court fines and telecommunication franchise fees. General Fund expenditures increased by \$1,407,360 or 8.5% primarily for projects that are carried forward from the previous fiscal year. The projects include court software upgrade, the public safety radio system, a traffic signal at Knowles and McLeroy, the Basswood Developer's agreement, a crosswalk at Basswood and Whistle Stop, the Food Truck Park, and the matching requirement for the HOME grant application. The budget was also increased for engineering fees for the Green Ribbon Grant, a facility needs assessment, long range financial and strategic planning, credit card processing fees and Police overtime due to department vacancies and additional special events.

The Crime Control and Prevention District revenue budget was increased by \$81,000 due to sales tax collections and interest earnings.

The Drainage Fund revenues increased due to increased drainage fee collections and interest earnings. Expenditures increased for the carry forward of the Basswood Developer's agreement and Knowles concept plan partially offset by the delay of the East Cement Creek drainage project.

The Donations Fund revenues were increased a total of \$39,425 due to additional donations to the Fire Department and the Train and Grain Festival. Expenditures were increased by \$100,720 for outfitting of the arson dog vehicle, supplies for the Fire Department clown troop, Train and Grain Festival supplies, additions to the holiday light display and the July Fourth fireworks celebration.

The budgeted revenues in the General Escrow Fund were increased by \$79,000 for increased insurance claims, increased Hotel/Motel tax collections, and a transfer for Economic Development incentives. Expenditures increased by \$88,960 as a result of increased insurance claims, Train and Grain advertising, and the carry forward of the Basswood Developer's agreement.

CAPITAL ASSETS

The City of Saginaw’s investment in capital assets for its governmental and business-type activities as of September 30, 2019 amounts to \$119,245,486 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment, improvements, infrastructure and construction in progress.

Major capital asset events during the fiscal year included the following:

- Continued construction of the East Bailey Boswell Road project (\$1,905,167).
- Public Safety Radio System (\$553,810).
- Replacement of self-contained breathing apparatus equipment (\$315,983).
- Food Truck Park construction (\$242,506).
- Design of the Saginaw Boulevard 16" water line Phase 2 (\$85,000).
- Design of all abilities playground at Willow Creek Park (\$67,819).
- Fire Department Rescue Vehicle (\$63,266).
- BNSF railroad crossing improvements at McLeroy Boulevard (\$56,000).
- Design for East Cement Creek Drainage Phase 2 (\$52,120).
- Completion of traffic signal at West McLeroy Boulevard and Knowles (\$50,557).
- Construction of a cross walk at Basswood and Whistle Stop (\$47,977).
- Roof replacement at the Senior Center (\$20,035).
- Completion of the City Council agenda/live streaming project (\$16,696).
- Police Department lighting and interview room recording equipment (\$13,938).
- Purchase of a digital work station for Building Inspection (\$13,740).
- Additions to the holiday light display (\$12,800).
- Completion of the Municipal Court software upgrade (\$10,816).
- Completion of Traffic Signal at Bailey Boswell Road and Basswood Boulevard (\$10,410).
- Completion of the Saginaw Boulevard 12" water line (\$10,396).
- City-wide equipment replacement (\$398,858).
- Donated streets and ROW for Willow Vista Estates Phase IIIC (\$770,117).
- Donated water and sewer lines for Willow Vista Estates Phase IIIC (\$390,194).
- Donated streets, drainage, and ROW for Basswood Crossing Phase 3 (\$3,160,800).
- Donated water and sewer lines for Basswood Crossing Phase 3 (\$1,385,048).
- Design for landscaping along Business 287/Saginaw Boulevard (\$37,625).

During the fiscal year, the City's total debt decreased by \$798,453 or 2.4%. Enterprise Fund principal payments of \$245,000 and General Fund principal payments of \$2,495,000 were made. The City's General Obligation Bonds, and Certificates of Obligation have a Standard and Poor's Ratings Services rating of AA/Stable and a Moody's Investor Service rating of Aa3. The Revenue bonds have a Standard and Poor's Rating of AA/Stable and a Moody's rating of Aa3.

Additional information on the City of Saginaw's long-term debt can be found on pages 46-48 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

In the 2019-2020 budget, General Fund revenues and transfers in are budgeted to increase by \$364,210 (2.2%) from the 2018-2019 revised budget year with property tax making up 35% and sales tax making up 30% of budgeted revenues. Certified assessed valuations increased 11% from the preceding year. The increased value has allowed the property tax rate to drop from .4718 to .459 with budgeted property tax revenues estimated at \$5,987,865 (\$3,770,280 for the Debt Service Fund). General Fund expenditures and transfers decreased by \$436,540 or 2.4%. The approved budget will be revised for the Food Truck Park, the all abilities playground at Willow Creek Park, and the Basswood Developer's agreement that were not completed by fiscal year end. Funding is provided for a 3% salary increase and staffing additions: a firefighter, an Emergency Management Coordinator, two Police Officers, and a Jailer. One-time expenses include advertising for a bond election, expenses related to the transfer of fire dispatch to the City of Fort Worth from Tarrant County, replacement of 5 cardiac monitors/defibrillators, an additional traffic pre-emption device at Saginaw Boulevard and Palomino Drive, the replacement of an outdoor warning siren at Palomino, Fire Department uniforms, the replacement of a Public Service Truck, an intersection evaluation for compliance with the Americans with Disabilities Act, the replacement of an all-terrain vehicle and pressure washer for Parks, additional electrical service for the holiday light display, replacement of room dividers, gymnasium lighting and treadmills at the Recreation Center, a body camera system and additional cages for Animal Services, the replacement of the financial management system server, and the city wide phone system. The General Fund budget is balanced with the use of \$729,080 from the beginning fund balance for these one-time expenses.

REQUEST FOR INFORMATION

This financial report is designed to provide our citizens, customers, investors and creditors with a general overview of the City's finances. If you have questions about this report or need any additional information, contact the Finance Director at P.O. Box 79070, Saginaw, Texas 76179, or call (817) 232-4640.

City of Saginaw, Texas

Reconciliation of the Governmental Funds Balance Sheet
to the Statement of Net Position
September 30, 2019

TOTAL FUND BALANCE - GOVERNMENTAL FUND	\$ 27,165,796
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the governmental funds balance sheet	93,131,516
Interest payable on long term debt does not require current financial resources, therefore interest payable is not reported as a liability in the governmental funds balance sheet.	(71,296)
Revenues earned but not available within sixty days of the year end are not recognized as revenue on the fund financial statements.	43,458
Long-term liabilities, including bonds payable and capital leases are not due and payable in the current period and therefore are not reported in the fund financial statements. A deferred charge on an advanced refunding of bonds payable of \$224,923 is reflected as a deferred outflow of resources on the Statement of Net Position.	(30,610,966)
Included in noncurrent liabilities is the recognition of the City's net pension liability required by GASB 68 in the amount of \$13,083,784, a deferred resource outflow related to TMRS of \$2,687,848, and a deferred resource inflow related to TMRS of \$468,514. This resulted in a decrease in net position.	(10,864,450)
Included in noncurrent liabilities is the recognition of the City's net OPEB liability required by GASB 75 in the amount of \$295,845, a deferred resource outflow related to TMRS of \$1,584, and a deferred resource inflow related to TMRS of \$11,638. This resulted in a decrease in net position.	<u>(305,899)</u>
TOTAL NET POSITION - GOVERNMENTAL ACTIVITIES	<u><u>\$ 78,488,159</u></u>

City of Saginaw, Texas

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities
For the Fiscal Year Ended September 30, 2019

TOTAL NET CHANGE IN FUND BALANCE - GOVERNMENTAL FUND	\$ 1,020,517
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount of capital assets recorded in the current period.	3,841,795
Governmental funds do not recognize assets contributed by developers or donated to the City. However, in the statement of activities the fair market value of those assets are recognized as revenue, then allocated over their estimated useful lives and reported as depreciation expense.	3,949,543
Depreciation expense on capital assets is reported in the statement of activities and does not require the use of current financial resources. Therefore, depreciation expense is not reported as an expenditure in the governmental funds.	(3,446,498)
The issuance of long term debt (e.g. bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas the amounts are capitalized and amortized in the statement of activities. This amount consists of an issuance in the amount of \$2,000,000, repayments of \$2,495,000 and amortization of \$21,407 for premiums and deferred charges on refundings, which is the net effect of these differences in the treatment of long-term debt and related items.	516,407
Current year changes in the net pension liability, deferred inflows of resources and the deferred outflows of resources of the pension plan. The net effect of these items increased net position.	(3,477,754)
Current year changes in the net OPEB liability and the deferred outflows of resources of the pension plan. The net effect of these items decreased net position.	(22,927)
Current year changes in accrued interest payable do not require the use of current financial resources; therefore, are not reported as expenditures in governmental funds.	2,588
Certain revenues in the government-wide statement of activities that do not provide current financial resources are not reported as revenue in the governmental funds.	(4,762)
CHANGE IN NET POSITION - GOVERNMENTAL ACTIVITIES	\$ 2,378,909

City of Saginaw

City of Saginaw, Texas

Notes to the Basic Financial Statements

Note 1. Summary of Significant Accounting Policies

A. General Statement

The City of Saginaw (the City) was incorporated in 1949. The City operates under a Council-Manager form of government and provides the following services as authorized by its charter: general government, court, police and fire protection, street maintenance, building inspection services, library services, animal services, recreation, parks operation and maintenance, and maintenance and operation of City-owned buildings. The City contracts with the City of Fort Worth for water purchases and wastewater service but owns the waterworks and wastewater systems within the City.

The accounting and reporting policies of the City relating to the funds included in the accompanying basic financial statements conform to accounting principles generally accepted in the United States of America applicable to state and local governments. Generally accepted accounting principles for local governments include those principles prescribed by the Governmental Accounting Standards Board (GASB). The more significant accounting policies of the City are described below.

B. Financial Reporting Entity

As required by accounting principles generally accepted in the United States of America, these financial statements include the primary government and organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The definition of the reporting entity is based primarily on the notion of financial accountability. A primary government is financially accountable for the organizations that make up its legal entity. It is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and either there is ongoing financial benefit or burden or operational responsibility. A primary government may also be financially accountable for governmental organizations that are fiscally dependent on it.

A primary government has operational responsibility for an organization if it can significantly influence the programs, projects, or activities of, or the level of services performed or provided by, the organization.

A financial benefit or burden relationship exists if the primary government (a) is entitled to the organization's resources; (b) is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (c) is obligated in some manner for the debt of the organization. Some organizations are included as component units because of their fiscal dependency on the primary government. An organization is fiscally dependent on the primary government if it is unable to adopt its budget, levy taxes, set rates or charges, or issue bonded debt without approval by the primary government. Complete financial statements for the individual component units may be obtained at the City's office.

City of Saginaw, Texas

Notes to the Basic Financial Statements

The following entity was found to be a component unit of the City and is included in the combined financial statements:

Blended Component Unit – The Saginaw Crime Control and Prevention District (CCPD) serves all the citizens of the City and is used to account for the accumulation and use of resources to add law enforcement officers and purchase additional equipment for law enforcement purposes. The governing body of the Saginaw CCPD Fund is the same as that of the primary government and the primary government has operational responsibility. The Saginaw CCPD is reported as a governmental activity in the government-wide financial statements and as a Special Revenue Fund in the governmental financial statements.

C. Basis of Presentation

The government-wide financial statements (the statement of net position and the statement of activities) report information on all of the activities of the City, except for fiduciary funds. The effect of interfund activity, within the governmental and business-type activities columns, have been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements

The City segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Separate statements are presented for governmental and proprietary activities. These statements present each major fund as a separate column on the fund financial statements; all non-major funds are aggregated and presented in a single column.

Governmental funds are those funds through which most governmental functions typically are financed. The City has presented the following major governmental funds:

General Fund. The general fund is the main operating fund of the City. This fund is used to account for all financial resources not accounted for in other funds. All general tax revenues and other receipts that are not restricted by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures, fixed charges and capital improvement costs that are not paid through other funds are paid from the General Fund.

Debt Service Fund. The debt service fund is used to account for the accumulation of financial resources for the payment of principal, interest and related costs on general long-term debt paid primarily from taxes levied by the City. The fund balance of the Debt Service Fund is restricted to signify the amounts that are restricted exclusively for debt service expenditures.

City of Saginaw, Texas

Notes to the Basic Financial Statements

Capital Projects Fund. The capital projects fund is used to account for funds received and expended for the construction and renovation of thoroughfares, arterial streets and drainage improvements in the City and construction, renovation, expansion and major improvement of various City facilities, acquisition of land and other large nonrecurring projects.

Proprietary Funds are those funds for activities supported by user fees and charges. The accounting objectives are determinations of net income, financial position and cash flow. All assets and liabilities are included on the Statement of Net Position. The City has presented the following major proprietary fund:

Enterprise Fund. The Enterprise Fund is used to account for the provision of water and wastewater services to the residents of the City. Activities of the fund include administration, operations and maintenance of the water and wastewater system and billing and collection activities. The fund also accounts for the accumulation of resources for, and the payment of long-term debt principal and interest for water and wastewater debt. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary to ensure integrity of the fund.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for the proprietary funds include the cost of personal and contractual services, supplies and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. Measurement Focus and Basis of Accounting

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide statements and fund financial statements for proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting.

The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net position and the operating statements present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized when earned, including unbilled water and wastewater services which are accrued. Expenses are recognized at the time the liability is incurred.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., when they become both measurable and available. "Measurable" means the amount of the transaction can be determined, and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The City considers receivables collected within sixty days after year-end to be available and recognizes them as revenues of the current year. Expenditures are recorded when the related fund liability is incurred. However, debt service expenditures are recorded only when payment is due.

City of Saginaw, Texas

Notes to the Basic Financial Statements

The revenues susceptible to accrual are property taxes, franchise fees, licenses, charges for services, interest income and intergovernmental revenues. Sales taxes collected and held by the state at year end on behalf of the government are also recognized as revenue. All other governmental fund revenues are recognized when received.

E. Budgetary Control

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to October 1, the City administration submits to the City Council a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to October 1, the budget is legally enacted through passage of a resolution.
4. Any revisions that alter the total expenditures of any fund must be approved by the City Council. The City Council amended the budget during the year.
5. Formal budgetary integration is employed as a management control device during the year for the General Fund, Saginaw CCPD Fund, Enterprise Fund and Debt Service Fund. A budget is legally adopted for the General Fund, Saginaw CCPD Fund, Drainage Utility Fund, Street Maintenance Fund, Donations Funds, General Escrow Fund, and Debt Service Fund.

Budgets for the General Fund, Saginaw CCPD Fund, Drainage Utility Fund, Street Maintenance Fund, Donations Funds, General Escrow Fund, and Debt Service Fund are adopted on a basis consistent with accounting principles generally accepted in the United States of America (GAAP).

All appropriations lapse on September 30 of the fiscal year.

Budgeted amounts are as originally adopted or as amended by the City Council.

F. Cash and Investments

Cash of all funds, including restricted cash, are pooled into common pooled accounts in order to maximize investment opportunities. Each fund whose monies are deposited in the pooled cash accounts has equity therein, and interest earned on the investment of these monies is allocated based upon relative equity at month end. An individual fund's pooled cash and investments are available upon demand and are considered to be "cash equivalents" when preparing these financial statements. In addition, any marketable securities not included in the common pooled accounts that are purchased with a maturity of ninety days or less are also considered "cash equivalents."

All investments are recorded at fair value based on quoted market prices. Fair value is the amount at which a financial instrument could be exchanged in a current transaction between willing parties.

State statutes authorize the City to invest in obligations of the U.S. Government or its agencies; obligations of the State of Texas or its agencies; and certain other obligations, repurchase agreements, money market mutual funds and certificates of deposits within established criterion.

G. Interfund Receivables and Payables

Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

City of Saginaw, Texas
Notes to the Basic Financial Statements

H. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the fund financial statements for proprietary funds. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are reported at acquisition value. Repairs and maintenance are recorded as expenses. Renewals and betterments are capitalized. Interest has not been capitalized during the construction period on property, plant and equipment.

Assets capitalized, not including infrastructure assets, have an original cost of \$5,000 or more and over one year of useful life. Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Buildings	40 Years
Water and Wastewater System	50 Years
Infrastructure	10-50 Years
Equipment	5-25 Years
Improvements	20 Years

I. Accumulated Vacation, Compensatory Time and Sick Leave

City employees earn vacation leave and compensatory time off for holidays worked. All annual vacation leave must be taken within one year after it is earned unless an exception has been granted by the City Manager. All earned vacation leave not taken within one year of its accumulation will be forfeited. Unused sick leave accumulated during the year is carried over into the next year with a maximum accrual of forty working days or twenty shifts. At the time of resignation or retirement, employees with ten or more years of service will be paid for unused sick leave. The compensated absences liability increased \$14,348 over the course of the fiscal year and ended September 30, 2019 with a liability of \$958,917.

J. Nature and Purpose of Designations of Fund Balance

The City follows Governmental Accounting Standards Board Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB 54) for classification of fund balances. This statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

The objective of this statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing governmental fund type definitions.

Fund balance categories under GASB 54 are Nonspendable and Spendable. Classifications under the Spendable category are Restricted, Committed, Assigned and Unassigned. These classifications reflect not only the nature of funds, but also provide clarity to the level of restriction placed upon fund balance. Unassigned fund balance is a residual classification within the General Fund. The General Fund should be the only fund that reports a positive unassigned balance. In all other funds, unassigned is limited to negative residual fund balance.

City of Saginaw, Texas

Notes to the Basic Financial Statements

In accordance with GASB 54, the City classifies governmental fund balances in its financial statements, as follows:

1. *Nonspendable Fund Balance*

Includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual requirements. Examples include inventories, long-term receivables, endowment principal, and/or prepaid/deferred items.

2. *Spendable Fund Balance*

- a. **Restricted Fund Balance** – Includes amounts that can be spent only for the specific purposes as imposed by law, or imposed by creditors, grantors, contributors, or other governments' laws and regulations. Examples include federal and state grant programs, retirement of long-term debt, and construction.
 - i. The aggregate fund balance of the debt service fund is legally restricted for payment of bonded indebtedness and is not available for other purposes until all bonded indebtedness is liquidated.
 - ii. The fund balance of the capital projects fund reflects an amount restricted for construction and major renovation projects, and it usually represents unexpended proceeds from the sale of bonds, which primarily have restricted use.
 - iii. The proceeds of specific revenue sources that is restricted to expenditures for specified purposes as designated by grantors, contributors, by vote of citizens, or governmental entities over state or local program grants.
- b. **Committed Fund Balance** – Includes amounts that can be used only for the specific purposes as determined by the governing body by use of a resolution, recorded in the minutes of the governing body. Commitments may be changed or lifted only by the governing body taking the same formal action that imposed the constraint originally. Examples include, but not specifically limited to, council action regarding construction, claims, and judgments, retirement of loans/notes payable, and capital expenditures. The City Council must take action to commit funds for a specific purpose prior to the end of the fiscal year, but the amount of the commitment may be determined after the end of the fiscal year.
- c. **Assigned Fund Balance** – Includes amounts intended to be used by the City for specific purposes. Pursuant to GASB 54, this intent can be expressed by an official or body to which the governing body delegates that authority. Through a resolution, the City has delegated the City Manager to determine and define the amounts of those components of fund balance that are classified as Assigned. Examples take on the similar appearance as those enumerated for committed fund balance, including the appropriation of existing fund balance to eliminate a deficit in next year's budget.
- d. **Unassigned Fund Balance** – Includes the residual classification of the General Fund and includes all amounts not contained in other classifications. By accounting for amounts in other funds, the City has implicitly assigned the funds for the purposes of those particular funds.

In circumstances where an expenditure is to be made for a purpose for which amounts are available in multiple fund balance classifications, the order in which resources will be extended is as follows: restricted fund balance, followed by committed fund balance, assigned fund balance, and lastly unassigned fund balance.

City of Saginaw, Texas

Notes to the Basic Financial Statements

At the end of each fiscal year, the General Fund should maintain unassigned fund balance that is no less than 15% of the subsequent year's General Fund appropriated expenditure budget. This target amount has been established in order to provide a reasonable level of assurance that the City's day-to-day operations will be able to continue even if circumstances occur where revenues are insufficient to cover expenditures.

K. Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. In circumstances where an expense is to be made for a purpose for which amounts are available in multiple net position classifications, restricted position will be fully utilized first followed by unrestricted as necessary.

L. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the Fiduciary Net Position of the Texas Municipal Retirement System (TMRS) and additions to/deductions from TMRS's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. Information regarding the City's Total Pension Liability is obtained from TMRS through a report prepared for the City by TMRS' consulting actuary, Gabriel Roeder Smith & Company, in compliance with Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions.

M. Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information has been determined based on the City's actuary report. For this purpose, OPEB expense recognized each fiscal year is equal to the change in the total OPEB liability from the beginning of the year to the end of the year, adjusted for deferred recognition of certain changes in the liability. Benefit payments are treated as being equal to the employer's yearly contributions for retirees. Information regarding the City's total OPEB liability is obtained from TMRS through a report prepared for the City by TMRS consulting actuary, Gabriel Roeder Smith & Company, in compliance with Governmental Accounting Standards Board (GASB) Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions.

N. Management's Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenditures during the reporting period. Actual results could differ from those estimates. The assumptions utilized for purposes of measuring the net pension liability, total OPEB liability, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension/OPEB expense for a year can and does vary from actual results.

City of Saginaw, Texas
Notes to the Basic Financial Statements

Note 2. Cash and Investments

Cash and investments as of September 30, 2019 consist of the following:

Deposits with financial institutions	\$	1,237,423
Investments		<u>38,396,306</u>
	\$	<u><u>39,633,729</u></u>

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by investing mainly in investment pools which purchase a combination of shorter term investments with an average maturity of less than 30 days thus reducing the interest rate risk. The City monitors the interest rate risk inherent in its portfolio by measuring the weighted average maturity of its portfolio. The City has no specific limitations with respect to this metric.

As of September 30, 2019, the City had the following investments:

<u>Investment Type</u>	<u>Weighted Average Amount</u>	<u>Maturity</u>
TexPool	\$ 38,396,306	34 days

As of September 30, 2019, the City did not invest in any securities which are highly sensitive to interest rate fluctuations.

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the Public Funds Investment Act, the City's investment policy, or debt agreements, and the actual rating as of year-end for each investment type.

<u>Investment Type</u>	<u>Amount</u>	<u>Minimum Legal Rating</u>	<u>Rating as of September 30, 2019</u>
TexPool	\$ 38,396,306	AAA	AAAm

Concentration of Credit Risk

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer. As of September 30, 2019, other than external investment pools, the City did not have 5% or more of its investments with one issuer.

City of Saginaw, Texas

Notes to the Basic Financial Statements

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party.

The Public Funds Investment Act and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The Public Funds Investment Act requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least the bank balance less the FDIC insurance at all times.

At September 30, 2019, the carrying amount of the City's cash on hand and deposits were \$1,237,423 and the bank balance was \$1,884,773. \$250,000 of the bank balance was covered by depository insurance under the FDIC, with the remaining \$1,634,773 secured with securities held by pledging financial institutions.

Investment in State Investment Pools

The Texpool investment pool is an external investment pool measured at amortized cost. In order to meet the criteria to be recorded at amortized cost, the investment pool must transact at a stable net asset value per share and maintain certain maturity, quality, liquidity and diversification requirements within the investment pool. The investment pool transacts at a net asset value of \$1.00 per share, has weighted average maturities of 60 days or less and weighted average lives of 120 days or less, investments held are highly rated by nationally recognized statistical rating organizations, have no more than 5% of portfolio with one issuer (excluding U.S. government securities), and can meet reasonably foreseeable redemptions. Texpool has a redemption notice period of one day and may redeem daily. The investment pool's authority may only impose restrictions on redemptions in the event of a general suspension of trading on major securities markets, general banking moratorium or national state of emergency that affects the pool's liquidity. Texpool is subject to regulatory oversight by the State Treasurer, although it is not registered with the Securities and Exchange Commission.

Note 3. Restricted Assets

Restricted assets in the Enterprise Fund are held for the following purposes in accordance with bond ordinances or other legal restrictions:

Debt Service - Interest and Sinking Fund	
Cash and investments	\$ 184,466
Refundable water and wastewater deposits	658,001
	<hr/>
Total	\$ 842,467
	<hr/>

City of Saginaw, Texas
Notes to the Basic Financial Statements

Note 4. Notes Receivable

During the year ended September 30, 2018, the City loaned \$460,000 to a residential developer to construct the Mariposa Apartment Homes at Spring Hollow. The purpose of the Loan was to assist Spring Hollow in meeting the requirements for a federal tax credit. Payments totaling \$459,000 were received during the fiscal year ended September 30, 2018. As of September 30, 2019, the outstanding balance was \$1,000. The remaining balance is due over a 15 year term, bearing an interest rate of 3%.

Note 5. Capital Assets

Capital asset activity for the year ended September 30, 2019, was as follows:

	Balance, October 1, 2018	Additions/ Completions	Retirements/ Adjustments	Balance, September 30, 2019
Governmental activities:

The City has active construction projects as of September 30, 2019. Total accumulated commitments for capital projects are \$546,131 for the Capital Projects Fund and \$9,068 for the General Fund.

City of Saginaw, Texas
Notes to the Basic Financial Statements

Note 6. Long-Term Debt

At September 30, 2019, the City's bonds payable consisted of the following:

	<u>Governmental</u>	<u>Business-type</u>
2009 Certificates of Obligation Bonds, dated May 1, 2009, due in annual installments through September 1, 2025, bearing interest rates of 3.8% to 4.6%	\$ 615,000	\$ -
2010 Certificates of Obligation Bonds, dated August 1, 2010, due in annual installments through September 1, 2030, bearing interest rates of 2.5% to 4%	1,170,000	-
2010 Waterworks and Sewer System Refunding Revenue Bonds, dated August 1, 2010, due in annual installments through September 1, 2020, bearing interest rates of 2% to 3%	-	50,000
2012 General Obligation Refunding Bonds, dated April 1, 2012, due in annual installments through September 1, 2023, bearing interest rates of 2% to 3%.	1,215,000	-
2013 General Obligation Refunding Bonds, dated August 29, 2013, due in annual installments through September 1, 2033, bearing interest rates of 2% to 4.1%	6,505,000	-
2014 General Obligation Refunding Bonds, dated April 8, 2014, due in annual installments through September 1, 2024, bearing an interest rate of 1.99%.	1,120,000	210,000
2015 General Obligation Bonds, dated September 7, 2015, due in annual installments through September 1, 2035, bearing an interest rate of 1.00% through 3.50%.	6,440,000	-
2015 General Obligation Refunding Bonds, dated December 22, 2015, due in annual installments through September 1, 2027, bearing an interest rate of 1.98%.	-	1,210,000
2016 General Obligation Refunding Bonds, dated June 21, 2016, due in annual installments through September 1, 2027, bearing an interest rate of 1.69%.	3,860,000	-
2017 General Obligation Bonds, dated June 1, 2017, due in annual installments through September 1, 2037, bearing an interest rate of 3.00%.	7,295,000	-
2019 Tax Notes, dated September 17, 2019, due in annual installments through March 1, 2026, bearing an interest rate of 1.40%.	2,000,000	
Premium on bonds	<u>615,889</u>	<u>-</u>
Total bonds payable	<u>\$ 30,835,889</u>	<u>\$ 1,470,000</u>

City of Saginaw, Texas
Notes to the Basic Financial Statements

The following is a summary of long-term debt transactions of the City for the year ended September 30, 2019:

	Balance, October 1, 2018	Increases	Decreases	Balance, September 30, 2019	Due Within One Year
Governmental activities:					
General obligation bonds	\$ 28,765,000	\$ -	\$ (2,330,000)	\$ 26,435,000	\$ 2,380,000
Certificates of obligation	1,950,000	-	(165,000)	1,785,000	175,000
Tax notes	-	2,000,000	-	2,000,000	430,000
Premiums on bonds	672,612	-	(56,723)	615,889	56,723
Total governmental activities	\$ 31,387,612	\$ 2,000,000	\$ (2,551,723)	\$ 30,835,889	\$ 3,041,723
Business-type activities:					
Revenue bonds	\$ 100,000	\$ -	\$ (50,000)	\$ 50,000	\$ 50,000
General obligation bonds	1,615,000	-	(195,000)	1,420,000	200,000
Premiums on bonds	1,730	-	(1,730)	-	-
Total business-type activities	\$ 1,716,730	\$ -	\$ (246,730)	\$ 1,470,000	\$ 250,000

The City issues general obligation bonds and certificates of obligation. General obligation bonds and certificates of obligation are direct obligations of the City and pledge the full faith and credit of the City.

The annual requirements to amortize all debts outstanding as of September 30, 2019, are as follows:

<u>General Obligation Bonds</u>			
Due Fiscal Year Ending September 30,	Governmental Activities		
	Principal	Interest	Total
2020	\$ 2,380,000	\$ 759,853	\$ 3,139,853
2021	2,065,000	704,128	2,769,128

City of Saginaw, Texas

Notes to the Basic Financial Statements

Note 7. Property Tax

Property tax is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business property located in the City. Taxable assessed value represents the appraisal value less applicable exemptions authorized by the City Council.

Taxes are due on October 1, the levy date, and are delinquent after the following January 31. Tax assessments are automatic on January 1, each year. Penalties and interest are included for any payment received after January 31. Penalties start at 6% of the outstanding balance, respectively and increase to 12% for payments received after July 1. Interest increases 1% for each month the balance is outstanding after January 31.

Property taxes at the fund level are recorded as receivables and deferred revenues at the time the taxes are assessed. Revenues are recognized as the related ad valorem taxes are collected. Additional amounts estimated to be collectible in time to be a resource for payment of obligations incurred during the fiscal year and therefore susceptible to accrual have been recognized as revenue. Property taxes are recorded net of the allowance for uncollectible taxes (\$148,677 for the General Fund and \$140,538 for the Debt Service Fund). The allowance is evaluated annually based upon analysis of historical trends, current economic conditions and other pertinent factors. Uncollectible personal property taxes are written off upon expiration of the five year statute of limitations.

Note 8. Pension Plan

Plan Description

The City of Saginaw participates as one of 887 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401(a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at www.tMrs.com.

All eligible employees of the city are required to participate in TMRS.

Benefits

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the city, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the city-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payments options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

City of Saginaw, Texas

Notes to the Basic Financial Statements

The plan provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS and within the actuarial constraints also in the statutes. Plan provisions for the City are as follows:

Employee deposit rate	6-7%
Matching ratio (City to employee)	2-1
A member is vested after	5 years
Updated service credit	100% Repeating, Transfers
Annuity increase (to retirees)	70% of CPI Repeating

Members can retire at certain ages, based on the years of service with the City. The Service Retirement Eligibilities for the City are 5 years at 60 years of age or 20 years at any age.

Employees covered by benefit terms

At the December 31, 2018 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	56
Inactive employees entitled to but not yet receiving benefits	80
Active employees	150
	<hr/>
	286
	<hr/> <hr/>

Contributions

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the city matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the city. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City of Saginaw were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the City of Saginaw were 17.44% and 21.33% in calendar years 2018 and 2019, respectively. The city's contributions to TMRS for the year ended September 30, 2019, were \$1,491,686 and were equal to the required contributions.

Net Pension Liability

The City's Net Pension Liability (NPL) was measured as of December 31, 2018, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

City of Saginaw, Texas

Notes to the Basic Financial Statements

Actuarial assumptions

The Total Pension Liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.5% per year
Overall payroll growth	3.5% to 10.5% per year
Investment Rate of Return	6.75%, net of pension plan investment expense, including inflation

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment, with male rates multiplied by 109% and female rates multiplied by 103% and due to the size of the City, rates are multiplied by an additional factor of 100%. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For disabled annuitants, the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment are used with males rates multiplied by 109% and female rates multiplied by 103% with a 3-year set-forward for both males and females. In addition, a 3% minimum mortality rate is applied to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements subject to the 3% floor.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS over the four year period from December 31, 2010 to December 31, 2014. They were adopted in 2015 and first used in the December 31, 2015 actuarial valuation. The post-retirement mortality assumption for healthy annuitants and Annuity Purchase Rate (APRs) are based on the Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. In conjunction with these changes first used in the December 31, 2013 valuation, the System adopted the Entry Age Normal actuarial cost method and a one-time change to the amortization policy. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. In determining their best estimate of a recommended investment return assumption under the various alternative asset allocation portfolios, GRS focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time (conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive).

City of Saginaw, Texas
Notes to the Basic Financial Statements

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return (Arithmetic)</u>
Domestic Equity	17.50%	4.30%
International Equity	17.50%	6.10%
Core Fixed Income	10.00%	1.00%
Non-Core Fixed Income	20.00%	3.39%
Real Return	10.00%	3.78%
Real Estate	10.00%	4.44%
Absolute Return	10.00%	3.56%
Private Equity	5.00%	7.75%
Total	100.00%	

Discount Rate

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

	<u>Increase (Decrease)</u>		
	<u>Total Pension Liability</u>	<u>Plan Fiduciary Net Position</u>	<u>Net Pension Liability</u>

City of Saginaw, Texas

Notes to the Basic Financial Statements

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the City, calculated using the discount rate of 6.75%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) than the current rate:

	1% Decrease in Discount Rate (5.75%)	Discount Rate (6.75%)	1% Increase in Discount Rate (7.75%)
City's net pension liability	\$ 21,236,634	\$ 14,583,377	\$ 9,150,809

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's Fiduciary Net Position is available in a separately-issued TMRS financial report. That report may be obtained on the Internet at www.tmr.com.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2019, the City recognized pension expense of \$2,596,090.

At September 30, 2019, the city reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ -	\$ (531,981)
Changes in actuarial assumptions	33,012	-
Difference between projected and actual investment earnings	1,510,121	-
Contributions subsequent to the measurement date	1,452,702	-
Totals	\$ 2,995,835	\$ (531,981)

City of Saginaw, Texas

Notes to the Basic Financial Statements

\$1,452,702 was reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the measurement year ending December 30, 2019 (i.e. recognized in the City's financial statements for the year ended September 30, 2020). Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31,		
2019	\$	326,539
2020		58,884
2021		116,609
2022		520,305
2023		(11,185)
Thereafter		-
Totals	\$	1,011,152

Note 9. Postemployment Benefits Other Than Pensions

Plan Description

The City participates in a single employer, defined benefit group-term life insurance plan known as the Supplemental Death Benefits Fund (SDBF) administered by the Texas Municipal Retirement System (TMRS). The SDBF covers both active and retiree benefits with no segregation of assets, and therefore doesn't meet the definition of a trust under GASB No. 75 (i.e., no assets are accumulated for OPEB) and as such the SDBF is considered to be an unfunded OPEB plan.

The City elected, by ordinance, to provide group-term life insurance coverage to both current and retired employees. The city may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

The city contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to pre-fund retiree term life insurance during employees' entire careers.

Benefits

The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings, for the 12-month period preceding the month of death). The death benefit for retirees is considered an other postemployment benefit (OPEB) and is a fixed amount of \$7,500.

City of Saginaw, Texas
Notes to the Basic Financial Statements

Employees covered by benefit terms

At the December 31, 2018 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	45
Inactive employees entitled to but not yet receiving benefits	14
Active employees	150
	209
	209

Net OPEB Liability

The City's net OPEB liability of \$332,532 was measured as of December 31, 2018, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The net OPEB liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.5% per year
Overall payroll growth	3.5% to 10.5% per year
Discount Rate	3.71%

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment, with male rates multiplied by 109% and female rates multiplied by 103% and due to the size of the City, rates are multiplied by an additional factor of 100%. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For disabled annuitants, the gender-distinct RP2000 Combined Healthy Mortality Tables with Blue Collar Adjustment are used with males rates multiplied by 109% and female rates multiplied by 103% with a 3-year set-forward for both males and females. In addition, a 3% minimum mortality rate is applied to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements subject to the 3% floor.

City of Saginaw, Texas
Notes to the Basic Financial Statements

Discount Rate

The discount rate used to measure the net OPEB liability was 3.71%. The discount rate was based on Fidelity Index's "20-Year Municipal GO AA Index" rate as of the measurement date.

	Total OPEB Liability
Balance at December 31, 2017	\$ 343,342
Changes for the year:	
Service cost	17,962
Interest	11,619
Change of benefit terms	-
Difference between expected and actual experience	(13,397)
Changes of assumptions or other inputs	(24,428)
Benefit payments	(2,566)
	<hr/>
Net changes	(10,810)
	<hr/>
Balance at December 31, 2018	\$ 332,532

Sensitivity of the net OPEB liability to changes in the discount rate

The following presents the net OPEB liability of the City, calculated using the discount rate of 3.71%, as well as what the City's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.71%) or 1-percentage-point higher (4.71%) than the current rate:

	1% Decrease in Discount Rate (2.71%)	Discount Rate (3.71%)	1% Increase in Discount Rate (4.71%)
City's OPEB liability	\$ 398,219	\$ 332,532	\$ 280,811

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2019, the City recognized OPEB expense of \$28,147.

City of Saginaw, Texas

Notes to the Basic Financial Statements

At September 30, 2019, the city reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
	<u> </u>	<u> </u>
Differences between expected and actual economic experience	\$ -	\$ (11,611)
Changes in actuarial assumptions	-	(1,320)
Contributions subsequent to the measurement date	2,043	-
	<u> </u>	<u> </u>
Total	<u>\$ 2,043</u>	<u>\$ (12,931)</u>

\$2,043 was reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date and will be recognized as a reduction of the net OPEB liability for the measurement year ending December 30, 2019 (i.e. recognized in the City's financial statements for the year ended September 30, 2020). Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:"

Year ended December 31,	
<u> </u>	
2019	\$ (1,434)
2020	(1,434)
2021	(1,434)
2022	(1,434)
2023	(1,434)
Thereafter	<u>(5,761)</u>
Total	<u>\$ (12,931)</u>

Note 10. Commitments

The City renewed a twenty (20) year contract in 2017 with the City of Fort Worth for the treatment and transportation of wastewater. Payments under this contract are on a strength and volume basis per month. Also, there is a twenty-five dollar (\$25) per meter monthly service charge.

The City renewed a twenty (20) year contract in 2010 with the City of Fort Worth for the delivery of treated water. Payments under this contract are on a volume and rate of use basis per month. There is also a twenty-five dollar (\$25) per meter monthly service charge.

The City entered into an agreement in 2019, under Chapter 380 of the Texas Local Government Code, for the reimbursement of \$2,000,000 for the development costs for property development and roadway improvements. As of September 30, 2019, no costs have been incurred or reimbursed.

City of Saginaw, Texas

Notes to the Basic Financial Statements

Note 11. Interfund Balances and Transfers

All interfund transfers between the various funds are approved supplements to the operations of those funds.

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Enterprise Fund	\$ 653,025
General Fund	Saginaw CCPD Fund	1,005,300
General Fund	Donations Fund	8,120
General Fund	Escrow Fund	7,707
General Fund	Drainage Utility Fund	122,960
Enterprise Fund	Drainage Utility Fund	73,955
Escrow Fund	General Fund	42,970
		<u>\$ 1,914,037</u>

Transfers are primarily used to move funds from:

- The Enterprise Fund to the General Fund for vehicle maintenance expenses and operating expenses.
- The Saginaw CCPD Fund to the General Fund for salaries and related expenses for ten Police Officers, one Public Safety Officer, one Dispatcher, and half (1/2) of one of the School Resource Officers.
- The Donations Fund to the General Fund for two seasonal part-time library pages.
- The Escrow Fund to the General Fund for police over-time for bailiff duty.
- The Drainage Utility Fund to the General Fund for salaries and related expenses.
- The Drainage Utility Fund to the Enterprise Fund for half (1/2) of the cost of the Environmental Specialist and Environmental Assistant.
- The General Fund to the Escrow Fund for the annual contribution to the equipment replacement escrow.

Note 12. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City insures its buildings and contents, law enforcement liability, public officials' liability, general liability and auto liability under a renewable one year policy with the Texas Municipal League. The City insures its workers compensation risk by participating in the Texas Municipal League Intergovernmental Risk Pool which is a self-insurance policy mechanism for political subdivisions in Texas. Rates are set by the State Insurance Board. Each participant's contribution to the pool is adjusted based on its workers' compensation history. The City is responsible only to the extent of premiums paid and contributions made to Texas Municipal League and the Intergovernmental Risk Pool. There have been no significant changes in insurance coverage as compared to last year and settlements have not exceeded coverage in each of the past three fiscal years.

City of Saginaw, Texas

Notes to the Basic Financial Statements

Note 13. Tax Abatements and Economic Incentive Agreements

Tax Abatements under Chapter 312 of the Texas Tax Code and economic incentive agreements under Chapter 380 of the Texas Tax Code allow the City to negotiate tax abatement agreements and economic incentive agreements with applicants. These agreements authorize the appraisal districts to reduce the assessed value of the taxpayer's property by a percentage specified in the agreement, and the taxpayer will pay taxes on the lower assessed value during the term of the agreement. Property taxes abated under these programs were \$206,978 in fiscal year 2019.

Note 14. New Accounting Pronouncements

The GASB pronouncements effective in fiscal years 2019 and 2020 are listed as follows:

The GASB issued Statement No. 83, Certain Asset Retirement Obligations. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement. This Statement applies to all state and governmental entities. This statement is effective for fiscal year 2019. The implementation of this statement did not impact the City's financial statements.

The GASB issued Statement No. 84, Fiduciary Activities, which will be effective for fiscal year 2020. The objective of this Statement is to establish standards of accounting and financial reporting for fiduciary activities. This Statement applies to all state and governmental entities. The City will evaluate the impact of the standard on its financial statements and will the necessary steps to implement it.

The GASB issued Statement No. 88, Certain Disclosures Related to debt, including Direct Borrowings and Direct Placements. The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt. This Statement defines debt for purposes of disclosure in notes to financial statements as a liability that arises from a contractual obligation to pay cash (or other assets that may be used in lieu of cash) in one or more payments to settle an amount that is fixed at the date the contractual obligation is established. This Statement applies to all state and governmental entities. This statement is effective for fiscal year 2019. The implementation of this statement did not impact the City's financial statements.

The GASB issued Statement No. 90, Majority Equity Interests- An Amendment of GASB Statements No. 14 and 16, which will be effective for fiscal year 2020. The objective of this Statement is to improve the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. This Statement applies to all state and governmental entities. The City will evaluate the impact of the standard on its financial statements and will the necessary steps to implement it.

Note 15. Subsequent Events

The City has evaluated all events and transactions that occurred after September 30, 2019 through January 21, 2020, the date the financial statements were issued.

City of Saginaw

Special Revenue Funds

The following funds have legally adopted budgets:

Saginaw Crime Control and Prevention District Fund – Used to account for funds to be used to address crime control and prevention.

Drainage Utility Fund – Used to account for fees assessed on properties based on the amount of storm water runoff they produce and the costs of operating the storm drainage system.

Street Maintenance Fund – Used to account for the sales tax revenues restricted for the purpose of street maintenance and repairs.

Donations Fund – Used to account for donations received by the City committed for specific purposes.

Escrow Fund – Used to account for hotel/motel taxes, court technology and security fees, gas production proceeds, and insurance settlements received by the City.

(Unaudited)**

City of Saginaw

City of Saginaw, Texas
Statistical Section (Unaudited)

This part of the City of Saginaw's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents:

Financial Trends98-107

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity108-111

These schedules contain information to help the reader assess one of the government's most significant local source revenues, property taxes.

Debt Capacity112-116

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information117-118

This schedule offers demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

Operating Information119-121

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial reports relates to the services the government provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

City of Saginaw, Texas

Table 13

Computation of Legal Debt Margin

Year Ended September 30, 2019

Article XI, Section 5 of the State of Texas Constitution states in part:

“ . . . no tax for any purpose shall ever be lawful for any one year, which shall exceed two and one-half percent of the taxable property of such city.”

As a home rule city, the City of Saginaw, Texas is not limited on the amount of debt it may issue. The City's Charter provides that general property taxes are limited to \$1.50 per \$100 of assessed valuation for general governmental services including the payment of principal and interest on general obligation bonds.

The rate for fiscal year 2019 was established at \$.4718 per \$100 of assessed valuation based on 100% of appraised value.
