

## City Hall Offices Open

Saginaw City Hall offices will remain open with staff working to meet the needs of Saginaw residents and businesses. The City is employing additional cleaning procedures at public buildings to help support the safety of the public and City employees. **As much as possible, City staff is working with vendors and customers through online means such as phone meetings and conference calls, online payment options, and other online services.** First responders will use protective gear as prescribed on emergency medical calls and during police interactions that require physical contact. Trash and recycling collection is running on its regular scheduling.

To protect our citizens, employees, and overall public health, we encourage our customers to use the online options at [www.saginawtx.org](http://www.saginawtx.org) for all water utility transactions. You are able to make water payments, set up new accounts, set up auto pay, terminate existing accounts, and make arrangements for payments through the website. Please be aware that the drive through window will be closed until further notice. If you are unable to pay online, you may use the payment drop box located on the east side of City Hall. If you have questions or need assistance please call 817-232-4640.
