RE: Vehicle Purchase

For your review and approval I have attached a price quote from Reliable Chevrolet to proceed with purchasing a 2017 Chevrolet Tahoe (Command Vehicle) as approved by council in the current year's budget. We will be utilizing the Tarrant County Purchasing Cooperative contract and purchasing the vehicle through Reliable Chevrolet, one the contract's approved vendors. Our city is an approved participating entity in the cooperative purchasing contract.

The vehicle is 2017 Chevrolet 4x4 Tahoe Special Service Vehicle or SSV. The SSV designation simply means it is manufactured for emergency services receiving discounted pricing with both additions and omissions of specific manufacturer equipment to meet its intended purpose. The vehicle is equipped with the required trailer towing provisions in order to tow the various specialty equipment trailers we utilize at the FD. This particular Tahoe already has an emergency lighting package and front console installed which will help expedite the up-fitting. With our 2005 reserve Ford Expedition now permanently out of service from the recent vehicle collision it will be greatly beneficial to shorten the up-fitting time with the emergency lighting and front console already installed.

Council approved \$60,000 for the vehicle to include the complete up-fitting of the vehicle for FD use. Once we have the vehicle the remainder of the up-fitting will be undertaken.

I am seeking approval to proceed with the purchase of the 2017 vehicle from Reliable Chevrolet. .
