

TUESDAY, FEBRUARY 6 @ 12:00PM TARRANT COUNTY HAZARD MITIGATION ACTION PLAN UPDATE

Public Meeting

Tarrant County and its participating jurisdictions are updating the current Hazard Mitigation Action Plan (HazMAP) in order to create a more resilient and safer community for its residents, businesses, and visitors. As natural hazards are becoming more frequent and damages more costly, mitigation actions are key keeping the community safe. We are requesting citizen participation and input in the update of the Tarrant County HazMAP.

PUBLIC MEETING SCHEDULED TO DISCUSS THE TARRANT COUNTY HAZARD MITIGATION ACTION PLAN

January 16, 2018– A public meeting to discuss the Tarrant County Hazard Mitigation Action Plan (HazMAP) is scheduled for Tuesday, February 6 from 12-2 PM in the Northeast Tarrant County Courthouse located at 645 Grapevine Hwy, Hurst TX 76054, according to the Tarrant County Hazard Mitigation Planning Team.

During the meeting, the public is invited to make comments or suggestions. City, County, and emergency management officials will be on hand to answer any questions. All comments received from the public will be documented and considered for inclusion in the Hazard Mitigation Action Plan (HazMAP).

This HazMAP is being completed through a cooperative effort of officials from Tarrant County and the City/Township of Arlington, Azle, Bedford, Blue Mound, Colleyville, Crowley, Dalworthington Gardens, DFW Airport, Edgecliff Village, Euless, Everman, Forest Hill, Fort Worth, Grapevine, Haltom City, Haslet, Hurst, Keller, Kennedale, Lake Worth, Lakeside, Mansfield, North Richland Hills, Pantego, Richland Hills, River Oaks, Saginaw, Southlake, Watauga, Westlake, and Westworth Village. The Dallas Fort Worth International Airport, University of North Texas Health and Science Center (UNTHSC) and the North Central Texas Council of Governments (NCTCOG) are also participating this edition of the Tarrant County HazMAP.

By completing and updating the HazMAP, Tarrant County and participating jurisdictions are entitled to apply for future federal relief dollars to fund specific mitigation projects, designed to reduce and/or eliminate vulnerabilities resulting from disaster events throughout the County.
